

CHAMBER CONNECTIONS

A monthly publication of the Kingman Area Chamber of Commerce

October 2024
Local Business Here for You

SPOTLIGHTING REDROCK SERVICES

This month's member spotlight features one of the Chamber's newest members. Say hello to with Joshua & Taylor MacArthur and Hiel & Jamie Smith Redrock Services.

What does your business do?

"Redrock Services specializes in HVAC, Electrical, Plumbing and Lawncare".

Does your business have a niche? If so, what is it?

"By offering a diverse range of services we like to consider ourselves a one stop shop for our customers".

What got you interested in running your own business?

Josh- "My interest came from working as a maintenance technician in a care facility at the age of 18 years old, making minor repairs. Curiosity got the better of me and I wanted to learn how to perform larger repairs and replacements HVAC, Electrical and plumbing systems. I have been installing systems off and on now for around 20 years. What better way to ensure the quality of service than starting and running our own business".

Heil- "The interest for me came from working on home projects and feeling that sense of pride that came with the project being done right and working correctly. The thought of being able to help the community by offering quality services at a fair price, as well as the excitement of seeing where the future will take us".

Since starting Redrock Services, what has been your biggest win?

"Juggling full time jobs while at the same time operating our business for two years posed out greatest challenge. However, our most significant achievement was transitioning away from the gas industry to become our own boss".

What makes you stand out from the competition ?

"We provide high quality parts and equipment at fair prices. Ensuring your HVAC system is perfectly balanced, we take the extra time on every installation. Although flexible duct work is more affordable, we recommend metal duct work as it increases efficiency, airflow velocity, and overall system lifespan".

What are some personal goals for your business?

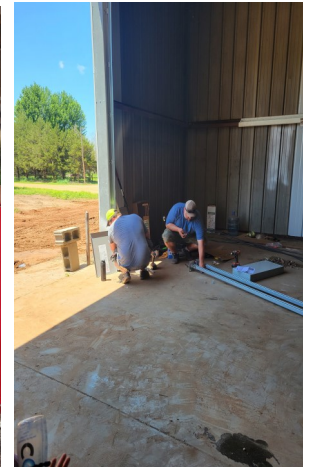

Josh- "See our business have a bright future right here in Kingman and grow the relationships that we have developed with our customers".

Hiel- "Grow what our business can offer to the community while still maintaining quality and affordability".

Favorite quote and fun fact:

"Anyone can install equipment, but is it installed and functioning in a safe and correct manner"?

"The name Redrock holds a special personal significance to one co-owner's family heritage. The name is a nod to Jamie's grandparents, Morris & Jeraldine Eller who operated Red Rock Fish Farm. By incorporating this familial legacy into the business name, Jamie is able to pay homage to her grandparent's hard work and entrepreneurial spirit while also evoking a sense of history, tradition and home

OUR ADULT BOOK DISCUSSION IS AT NOON ON TUESDAY OCTOBER 8TH HERE AT THE LIBRARY. IF YOU NEED A BOOK OR A LARGE PRINT BOOK PLEASE LET CHRISTIE KNOW.

In the 1920s, the richest people per capita in the world were members of the Osage Indian nation in Oklahoma. After oil was discovered beneath their land, they rode in chauffeured automobiles, built mansions, and sent their children to study in Europe.

Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. Her

relatives were shot and poisoned. And it was just the beginning, as more and more members of the tribe began to die under mysterious circumstances.
